🌟 Professional Summary

Senior iOS Engineer with 7+ years of experience designing scalable mobile solutions, recently leading feature development for the **Wells Fargo** iOS app (serving millions of users). Expert in modernizing legacy codebases: migrated critical flows from WebViews to **SwiftUI**, and led the adoption of **GraphQL/Apollo** to optimize network layers. Proven track record of mentoring teams and delivering accessible, high-performance apps.

🔍 Target Role & Technical Focus

Target Role: Senior iOS Engineer / Mobile AI Integrations / Swift Specialist

Technical Focus: Mobile UX, SwiftUI, GraphQL, Accessibility, On-device AI integration, Combine

👛 Work Experience

Senior iOS Engineer (Contract via Enhance IT) Wells Fargo Bank – San Francisco Bay Area, CA - USA - *Sep 2022 – Jan 2025*

- Collaborated onsite at Wells Fargo's **Silicon Valley** hubs (Fremont/San Leandro) to lead development of new native features for the Wells Fargo iOS banking app, impacting millions of daily users.
- Spearheaded the migration of legacy WebView components to fully native **Swift/SwiftUI** implementations, significantly improving app performance and user experience.
- Pioneered the integration of the **Apollo CLI** to modernize the API layer with **GraphQL**; was the first in the team to implement this architecture in production.
- Delivered inclusive and accessible UIs compliant with strict banking QA standards (VoiceOver, Dynamic Type, external keyboard support).
- Collaborated closely with Android, QA, Backend, and Design teams in an Agile Scrum environment to deliver bi-weekly sprints.

iOS Developer Consultant (Bootcamp & Training) Enhance IT – Atlanta, Georgia, USA - Jun 2022 – Aug 2022

- Completed an immersive, high-intensity iOS development bootcamp focused on advanced **SwiftUI, Combine**, and enterprise architectural patterns (MVVM-C, VIPER).
- Received specialized training in soft skills and effective communication for U.S. corporate environments.
- Prepared for client deployment through rigorous technical assessments and mock projects similar to large-scale banking apps.

Full Stack Developer

Dataware Solutions S.A de C.V — Querétaro, México
Mar 2022 – May 2022

- Built a mobile app to manage warehouse inventory via QR scanning.
- Designed SQL procedures for operational reporting and analytics.

Development Coordinator / Full Stack Developer

Eninetworks — Querétaro, México
Jul 2019 – Jun 2022

- Oversaw end-to-end software projects, mentored junior developers.
- Led development of internal systems, databases, and server infrastructure.

Web Developer

Universidad Autónoma de Querétaro
Feb 2018 – Sep 2018

- Built Java Spring web tools for scholarship and staff management.

Software Developer

BinaryCode Systems S.A de C.V
Jan 2017 – Sep 2017

- Developed custom web/mobile apps for SMEs using .NET and SQL Server.

 Education

Bachelor's Degree in Computer Engineering

Universidad Autónoma de Querétaro – Graduated: Jul 2019

Certifications & Courses

- iOS Development Bootcamp – Enhance IT (2022)
- Web Development Diploma – UAQ (2019)
- Django Programming – UAQ (2019)
- Multiple certifications and courses
